

" Martina Karpiuk ended her European volunteer work "

On June 29, 2018 Martina Karpiuk who was a volunteer in CCMS ended her European volunteering work. For 4 months she had been training not formal English courses simultaneously being involved in promoting the organization's foreign affairs. On the last day of volunteer work Martina spent a nice time around the table with CCMS workers and volunteers who wished her good luck.

Martina leaved Armenia impressed and full of memories hoping that she would come here from time to time and was sure that Armenia would always have it's own place in her heart.
